

Safe LED Light Therapy Machine 300W Electric Powered With Adjustable Timing Range

Our Product Introduction

For more products please visit us on hifubeauty-machine.com

Basic Information

- Place of Origin: china
- Brand Name: LZR
- Certification: CE
- Model Number: SPA-1

Product Specification

- Name: LED Light Therapy Machine
- Led Chip: 5w LED
- Timing Range: Adjustable For 15-60minutes
- Actual Wattage: 300W
- Laser Output Power: ≤ 5 Mw
- Led Quantity: 200pcs
- Condition: New
- Power Supply: Electric-Powered
- Red Light Wavelength: 660 Nm
- Highlight: **Safe LED Light Therapy Machine,
LED Light Therapy Machine 300W,
CE LED Light Therapy Machine**

Product Description

Safe LED Light Therapy Machine With Adjustable Timing Range And 300W Electric Powered

Product Description:

The Beauty Light Therapy Device is electric-powered and comes equipped with a 1600mAh battery capacity. This allows for easy portability and use anytime, anywhere. The LED light therapy machine emits both yellow and red light wavelengths. The yellow wavelength is 589 Nm while the red wavelength is 660 Nm. These specific wavelengths have been clinically proven to improve the appearance of skin and reduce inflammation.

As a top 10 direct manufacturer from China, we ensure that our LED Therapy Equipment is made with the highest quality materials. The device is designed to last and is easy to use. The LED light therapy machine has a user-friendly interface, making it simple and straightforward to operate.

The Beauty Light Therapy Device is a versatile device that can be used for a range of skin concerns. The yellow wavelength is great for reducing inflammation and redness, while the red wavelength is ideal for promoting collagen production and reducing fine lines and wrinkles. This LED Therapy Equipment can also be used for pain relief, as the light waves penetrate deep into the skin to provide relief from muscle and joint pain.

In summary, the Eczema Treatment LED Machine is a reliable and effective way to improve the appearance of your skin and reduce inflammation. This LED Therapy Equipment is easy to use and can be used anywhere, making it a convenient solution for those with busy lifestyles. As a top 10 direct manufacturer from China, we ensure that our products are made to the highest standards, so you can trust that you are getting a quality product.

Features:

Product Name: LED Light Therapy Machine

Condition: New

Power Supply: Electric-Powered

Relative Humidity: ≤85%

Lamp Power: 192W

Laser Output Power: ≤5 Mw

Features:

Beauty Light Therapy Device

Red & Blue LED Light Therapy Machine

Professional Light Therapy Machine

Technical Parameters:

Product Attribute	Value
Product Name	Eczema Treatment LED Machine
Condition	New
Laser Output Power	≤5 Mw
Lamp Power	192W
Red Light Wavelength	660 Nm
Supplier Type	Top 10 Direct Manufacturer From China
Voltage	110V 220V
Power Supply	Electric-Powered
Timing Range	Adjustable For 15-60minutes
Wave Length	200NM - 900NM
Product Type	LED Phototherapy Machine, Color Light Skin Treatment Device
Relative Humidity	≤85%

Applications:

With its adjustable timing range of 15-60 minutes, users can customize their light therapy sessions depending on their needs.

Additionally, this product has a wave length of 200NM - 900NM, making it suitable for various skin types.

The LED Light Therapy Machine is perfect for both home and professional use. It has 200pcs of LED lights, which emit light at specific wavelengths to penetrate the skin. This therapy stimulates the cells to produce collagen, which helps in reducing wrinkles and fine lines. It also helps in improving skin texture and reducing inflammation.

This product is also suitable for people who suffer from acne breakouts. The LED lights help in killing the bacteria that cause acne, resulting in clearer skin.

The LED Light Therapy Machine is also safe for use, with laser output power of ≤5 Mw. Additionally, it has a relative humidity of ≤85%, making it suitable for use in various climates.

Whether you are looking to improve your skin's texture or reduce inflammation, the LED Light Therapy Machine is the perfect solution. Its versatile applications make it suitable for various skin types, and it can be used in both professional and home settings.
