### Basic Information

- Place of Origin: China Guangzhou
- Brand Name: LZR
- Certification: CE
- Model Number: P6
- Minimum Order Quantity: 1
- Price: confer
- Packaging Details: Standard export packing
- Delivery Time: 5-8days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 100 Piece/Pieces per Month

### Product Specification

- Name: Aesthetic Laser Machine
- Touch Screen Size: 12 Inch
- Wave Length: 1064nm, 532nm
- Rf Frequency: 2M
- Voltage: AC220v±10% 50Hz, 110v±10% 60Hz
- Light Source: ND:YAG Solid Laser
- Screen: 12inch
- Feature: Skin Tightening, Tattoo Removal
- Maximum Energy: 2000M
- Highlight: **Skin Tightening Aesthetic Laser Machine, Pico Laser Aesthetic Laser Machine, Tattoo Removal Aesthetic Laser Machine**

## Product Description

### 2000M Maximum Energy Pico Laser Aesthetic Laser Machine For Aesthetic Clinics

#### Product Description:

One of the most notable features of the Picosecond Laser Machine is its spot size, which ranges from 2-10mm. This means that the machine can easily target small or large areas of the skin with precision and accuracy. Additionally, the machine has an energy density of  $\leq 0.6 \text{ J/cm}^2$ , ensuring that it delivers safe and effective treatments for all skin types.

The Picosecond Laser Machine operates at two different wavelengths: 1064nm and 532nm. These wavelengths are specifically designed to target different types of skin concerns. The 1064nm wavelength is perfect for skin tightening and rejuvenation, while the 532nm wavelength is ideal for tattoo removal.

This machine is perfect for individuals who want to achieve skin rejuvenation or remove unwanted tattoos. Its advanced technology ensures that treatments are safe, effective, and virtually painless. With the Picosecond Laser Machine, individuals can achieve their desired results in no time.

Overall, the Picosecond Laser Machine is an excellent investment for anyone looking to enhance their appearance. Its unique features, including its spot size, energy density, and dual wavelengths, make it a versatile and effective machine for various skin concerns. The machine is also known as the 810 skin rejuvenation machine, and it is the perfect addition to any clinic or spa that offers cosmetic laser treatments.

#### Features:

Product Name: Picosecond Laser Machine

Screen: 12inch

Laser Power: 2700W

Other Name: Picosecond Laser

Aiming Beam: Diode 655 Nm (Red), Adjustable Off/on

Wave Length: 1064nm, 532nm

Used for: Fractional infrared laser skin tightening, Fractional infrared laser skin rejuvenation, Tattoo removal

## PRODUCT DESCRIPTION

#### Technical Parameters:

Feature	Skin Tightening, Tattoo Removal
Screen	12 inch
Rf Frequency	2M
Laser Power	2700W
Other Name	Picosecond Laser
Laser Pulse	Pico Laser
Energy Density	$\leq 0.6 \text{ J/cm}^2$
Aiming Beam	Diode 655 Nm (Red), Adjustable Off/on
Voltage	AC220v $\pm$ 10% 50Hz, 110v $\pm$ 10% 60Hz
Touch Screen Size	12 Inch

This is a technical parameter table for the Picosecond Laser, which is also known as a Fractional laser machine, Laser beauty machine, or Aesthetic Laser Machine. It has a 12 inch screen, 2M Rf frequency, 2700W laser power, Pico laser pulse, and an aiming beam with diode 655 Nm (Red) that is adjustable off/on. The energy density is  $\leq 0.6 \text{ J/cm}^2$  and it has a voltage of AC220v $\pm$ 10% 50Hz, 110v $\pm$ 10% 60Hz.

# C02 Fractional laser

**3 system: Cutting, Fractional, Vaginal treatment**

Fractional co2 Laser for skin rejuvenation and scar removal  
Normal co2 laser for surgery operation  
Vaginal tightening for optional.

**Women with  
gynecological  
problems**

**Sexual experience  
more than three  
years**

**Abortion women,  
discharge toxin**

**Sexually frequent  
women**

**The low number  
of orgasms**

## **Applications:**

The LZR P6 is a powerful machine with a maximum energy output of 2000M, making it highly effective for laser skin rejuvenation treatments. Its 12inch screen provides clear visual guidance, allowing for precise treatment application.

Whether you are looking to treat fine lines and wrinkles, sun damage, pigmentation, or acne scars, the LZR P6 Picosecond Laser Machine is the perfect solution. Its pico laser technology allows for controlled and precise pulses, resulting in minimal damage to surrounding tissue and faster recovery times for your patients.

Originating from China Guangzhou, this machine has been tried and tested by many professionals and has proven to be a reliable and

effective tool for skin rejuvenation. Its voltage of AC220v±10% 50Hz, 110v±10% 60Hz makes it easy to use in a variety of locations. Whether you are a spa owner or a cosmetic professional, the LZR P6 Picosecond Laser Machine is a must-have in your equipment collection. It is an essential tool for any clinic or spa that offers laser skin rejuvenation treatments. Its versatility and effectiveness make it the perfect choice for a range of skin types and applications, including the 810 skin rejuvenation machine. Invest in the LZR P6 and take your skin rejuvenation treatments to the next level. Its advanced technology and reliable performance make it a valuable addition to any business.

### **Customization:**

Customize your LZR P6 Picosecond Laser Machine from China Guangzhou with our Product Customization Services. The P6 model features Pico Laser technology with a spot size of 2-10mm and an RF frequency of 2M. The aiming beam is a Diode 655 nm (Red), adjustable Off/On for precision treatments. Also known as the Picosecond Laser, this machine is perfect for Fractional Infrared Laser Skin Tightening and 810 Skin Rejuvenation Machine treatments.

### **Support and Services:**

The Picosecond Laser Machine is a high-tech device that requires specialized technical support and services to ensure its optimal functioning. Our team of experts offers the following services:

- Installation and setup: Our technicians will help you set up the Picosecond Laser Machine and ensure that it is properly installed and configured for your specific needs.
- Training and education: We offer comprehensive training and education on the proper use and maintenance of the Picosecond Laser Machine, including safety protocols, troubleshooting techniques, and best practices.
- Maintenance and repair: Our team provides regular maintenance and repair services to ensure that your Picosecond Laser Machine is operating at peak performance. We use only genuine parts and components to avoid any compromise in quality.
- Upgrades and enhancements: We offer upgrades and enhancements to the Picosecond Laser Machine, including software updates and hardware modifications, to ensure that it remains up-to-date and meets your evolving needs.

At our company, we are committed to providing our customers with the highest level of technical support and services for the Picosecond Laser Machine. Contact us to learn more about how we can help you optimize your operations and maximize the value of your investment.

### **Packing and Shipping:**

Product Packaging:

- 1 Picosecond Laser Machine
- 1 Power Cord
- 1 Foot Pedal
- 1 User Manual

Shipping:

Shipping Method: FedEx

Estimated Delivery Time: 5-7 business days

Shipping Cost: Calculated at checkout
